Single-phase transformers in portable case safety - isolation - control

CE

Power: 30 ÷ 2000 VA

Input voltage: 12 ÷ 600 VAC

Output voltage: 12 ÷ 600 VAC

Technical data

Duty cycle: continuous

Frequency: 50/60 Hz

Protection rating: IP 20

Ambient temperature: +40°C MAX

Thermal insulation class: B/130°C or F/155°C

Protection against direct and indirect contact: class I

Winding material: copper

Standards: EN61558-2-2 EN61558-2-4 EN61558-2-6

TRPO series of single-phase and three-phase transformers mounted in a portable case.

Manufactured on demand.
